## Conditions of the Award

Support for PMDF Research Projects is limited to a maximum of \$50,000 per year in direct costs for two years. The PMDF does not provide indirect costs. It is discouraged to use the funds for travel, routine office supplies and maintenance costs, and major equipment. Salary support for the principal investigator is not permitted. Approved projects that involve the use of animals or human subjects must provide justification and documentation from the institution's appropriate review board(s) prior to the distribution of the award. A written report of the completed work and an account of expenditures during the Research Project are required within 15 days after the termination of the Award.

## Publications and Reprints

When a manuscript is accepted for publication, a copy with the name of the journal and the expected date of publication should be emailed to Kathy Manley, Admin, at [kmanley@pmdfoundation.com](mailto:kmanley@pmdfoundation.com). The PMD Foundation must be acknowledged in all dissemination materials (e.g., publications, scientific exhibits, scientific presentations, press releases, etc.) related to research supported in full or in part by the Foundation. Please use the following acknowledgement or its equivalent: "This study was supported (in part) by a Research Award from the PMD Foundation."
